

BIGLERVILLE HI GRADUATES 70 TUESDAY NIGHT

With an estimated 1,200 present, 70 seniors were graduated from Biglerville High School Tuesday night at the 11th annual commencement exercises of the Upper Adams Joint School System in the Memorial Auditorium at the South Mountain Fairgrounds.

Imre Kovacs, a native of Hungary and well known lecturer and author, spoke on "The Challenge of Being an American."

In his talk he compared America to the great redwoods of California. It takes 2,000 years for them to grow to the majestic trees that they are, and it will take America centuries to realize its full greatness.

AMERICA'S CHALLENGE

"Today our nation is a sapling in relation to the giants of the forest. What we do today will determine the growth, even the life, of that great nation of the future, what America can be when it reaches its mature development. Some people expect too much of America and of the youth of today. We are but a young nation, our full development is not yet. Today we are, as it were, putting down roots deep and wide to develop that which will come. We cannot expect our nation to achieve everything overnight."

"America today is a challenge to the world for political, religious and economic freedom. If America fails it is only because her people, especially her youth, do not meet the challenge of growth that is upon us."

"We must grow to encompass all mankind with freedom. There are nations in the world which have had the opportunity of thousands of years development, but which grew too narrow. For selfish reasons they kept aloof from the rest of the world, and so they have failed. It we seek to confine our growth so that it will be for ourselves alone we too will fail, just as a redwood would fail were it to seek to compress its towering growth into a narrow channel."

FAIRFIELD HIGH GIVE DIPLOMAS TO 33 TUESDAY

"Take your religion along on life's highway," Capt. John V. Deuel, author, scientist and explorer, told members of the graduating class at the Fairfield High School Tuesday evening at the annual commencement exercises. Thirty-three seniors received their diplomas from C. A. Wills, president of the school board.

The word that De Gaulle was going to see the President normally would mean that he would be asked to form a new government.

The general, accompanied only by an aide, had driven out of the gates at his country home and headed toward Paris. Supervising Principal Amos D. Meyers told the group that the service was the fifth and probably the last outdoor exercises for the school. By next year it expects to have its new auditorium in operation.

Urging his audience "never let anyone convince you there's a better 'ism' than Americanism," Capt. Deuel said. "In the cold war today we are fighting against what our forefathers came to this land to escape."

Note 10th Anniversary

Speaking in support of the "two old fashioned virtues of balance and stability," he spoke, too, of the importance of "originality and the knowledge of how to get along with other people." He urged the seniors to aspire to the best and seek to get to the top of the heap but happiness and a real contribution to mankind are the most important factors in a successful life, he said.

The school band played the procession and the Rev. Claude H. Corl gave the invocation. The audience sang "America," and the senior class vice president, Russell Hartman, delivered greetings.

FOREIGNERS TO VISIT COUNTY

A group of 21 Latin American vocational teachers and education specialists, accompanied by two interpreters and an escort officer, will visit Littlestown on Friday, June 6.

Littlestown was chosen to be included on their itinerary because it is "an excellent example of small town industrial development, a type of community which lends itself to Latin American economic conditions." The visit is being arranged through the Office of Education of the Department of Health, Education and Welfare in Washington.

Each member of the Latin American team has completed two semesters of work in Puerto Rico in his special field, under the Corporation for Development. The United States Office of Education has been requested to provide the visiting educators with four weeks of visits to schools and industries in continental United States, which are related to the training they have just completed.

Academic honors and prizes will be distributed to the graduates at a special Oceanside Convocation on June 1 at 4 p.m. Robert F. Kennedy, chief counsel of the McClellan Committee, will deliver the address (Continued on Page 4)

Ike Believes Recession Has Spent Itself

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — Eisenhower said today he believes the recession has largely spent itself.

America is weathering it well, he told a news conference at which he explained his stand against tax cuts.

Eisenhower said the current economic situation does not warrant any reductions that could create further deficit spending.

Though he said he thinks the recession has largely spent its force, the President declined to predict when there will be a business upturn and full employment again. He said he is no prophet.

Asks Tax Explanation

The first question to Eisenhower was a request that he explain why he came out earlier this week against any general tax cut—any, as the reporter put it, anti-recession reduction.

Bristling a bit, Eisenhower said it looked to him as though the newsman was asking a loaded question. The President said he is not sure that any tax cut could be pictured as an anti-recession move.

As he has done many times in the past, the President said the tax situation has been a matter for careful and intense study. And, he went on to finally decided that as of now the economic situation does not warrant any reductions beyond already proposed relief for small business.

Delicate Situation

Eisenhower also dealt with these other matters:

FRANCE—At the outset of the conference the President said the situations in crisis ridden France and Lebanon are too delicate for him to discuss, so he was asking that those matters be, as he put it, taken off the question list.

In response to a question later he did say he happens to be one of those people who liked Gen. Charles de Gaulle when he knew him during and after World War II.

WAGES-PRICES — Eisenhower said he deplores any idea of the government attempting to control wages and prices in time of peace.

He renewed his appeal to business and labor leaders to keep wages and prices from spiraling dangerously.

His remarks came when a reporter said the cost of living has increased again and asked what can be done about it.

Stable Economy

The President first replied he doesn't know what the government can do so long as it is committed to support of the free enterprise philosophy.

Eisenhower added that his goal is to maintain a sound dollar and a stable economy lest values of pensions and insurance policies be destroyed.

As for the economic outlook, Eisenhower said sales of automobiles and durable goods still are on the decline, but there are other indications that the recession is leveling off.

STATEHOOD—Eisenhower said he respects the Republican party platform pledge to work for statehood for Alaska and Hawaii.

That pledge should be carried out, he added, and he feels a duty to work for admission of both territories.

Carry Out Pledge

The matter came up when a reporter noted that the House voted tentatively Tuesday to kill the Alaska statehood bill. The newsman asked what Americans should think, under the circumstances, about the integrity of party platforms.

Noting there had been no final decision yet regarding Alaska, Eisenhower said he would await the outcome, but he said emphatically the party pledge regarding both Alaska and Hawaii should be carried out.

NORTH AFRICA — Asked whether the turbulent situation in North Africa carries any lesson for the United States, Eisenhower replied this country's policy of helping less developed countries is a good one.

BONNEAUVILLE RITES FRIDAY

The annual Memorial services of the St. Joseph's Post, Catholic War Veterans, will be held Friday morning, it was announced Tuesday evening at a meeting of the CWV auxiliary.

A mass will be said at 9 o'clock Friday morning at St. Joseph's Catholic Church, Bonneauville, after which the CWV drill squad, members and auxiliary and the general public will move to the church cemetery for military rites.

Mrs. Betty Clabaugh, president of the auxiliary, urged its members to be present for the mass and program at Tuesday's session held in the CWV home.

Plans were made to send ten delegations to the state CWV convention at Allentown June 13 through 15. Plans were also made to award a statue to the student in St. Joseph's Catholic School, Bonneauville, who achieved the highest average in spelling during the year.

Committees named to serve at home baseball games were announced as May 30, Ann Orndorf and Betty Clabaugh; June 15, Loretta Smith, and June 22, Monica Bennett and Mary Weishaar.

SOROPTIMISTS ADD 3 MEMBERS TUESDAY NIGHT

Mrs. Howard H. Hartzell, Mrs. Henry T. Bream and Miss Katherine O'Boyle, New Oxford, were elected to membership in the Gettysburg Soroptimist Club at a meeting in the Adams Electric Cooperative building Tuesday evening and will be formally initiated in June.

Twenty-two members were present at the meeting. Mrs. Guyon E. Buehler, president, presided.

It was reported that the club was represented by six members at the 18th birthday dinner of the Hanover club recently at the Altland Hotel, Abbottstown. Twenty-one members were in attendance at the May 13 dinner of the club held at Hoffman's Westminster, planned by the Littlestown members.

WILL INSTALL

Officers for the year will be installed and new members initiated at a four-club dinner to be held by the Chambersburg club at Hitting Post Inn on June 17. Members who have not made reservations for this affair should do so immediately with Mrs. Buehler.

Mrs. Violet Hill reported that she had sent gavels made from battlefield wood to new clubs in North Hudson, Union City, N. J., and to Allegheny Valley, Pa. Mrs. George E. Eberhart, corresponding secretary, said letters of greeting were sent to new clubs at Fillmore, Calif., and Beaumont, Tex. Mrs. Eberhart served as recording secretary of the meeting in the absence of Miss Rebecca Sachs.

The president reported she attended the high school awards assembly May 21 and presented the club's Helen L. Cope award of \$10 to Miss Shirley Patterson. Mrs. S. A. Burton, Mrs. H. SAINT JOSEPH COLLEGE PLANS '59 OBSERVANCE

Plans for the commemoration of the sesquicentennial observance of Saint Joseph College, Emmitsburg, and the founding of the North American Community of the Daughters of Charity of St. Vincent de Paul were announced today by Sister Hilda Gleason, president of St. Joseph College, and councilor of the sisterhood.

The Sesquicentennial Planning Committee, Sister Hilda said, has decided on five major events for the year-long observance, beginning on March 14, 1959, with an academic convocation. At that time the Saint Louise de Marillac medal will be presented to an outstanding Catholic woman in the Diocese of Baltimore. She will be chosen by His Excellency, the most Reverend Francis P. Keough, D.D., archbishop of Baltimore. The medal has been struck in honor of the co-foundress of the Daughters of Charity of Saint Vincent de Paul. It will be given for "outstanding personal sacrifice of the neighbor."

Alumnae Reunion

The alumnae will gather for a reunion the last weekend in April. The alumnae of Daughters of Charity nursing schools and high schools will join in this event. An original pageant is being written by the students of the college for presentation at that event.

The entire commencement week of the sesquicentennial year will be focused on the observance.

On July 31 an international observance will be held in conjunction with the centenary celebration of the deaths of St. Vincent de Paul and St. Louise de Marillac, co-founders of the Daughters of Charity of Saint Vincent de Paul. At this time there will gather at Emmitsburg groups of guests made up of the friends and benefactors of the community, including the hierarchy, clergy, and laity. It was three hundred years ago that the Daughters of Charity were founded by Saint Vincent de Paul and Saint Louise de Marillac. The North American Sisters of Charity founded by Mother Elizabeth Ann Seton became affiliated with the international group around 1850.

The fifth and final event will be Valley Home Weekend in October, 1959, when the parents of the students and other non-alumnae whose interest is principally in the college will be invited to share in the cele-

CITES BIGGER THREAT TO U.S.

ATLANTIC CITY, N.J. (AP)—The new president of the Pennsylvania Bankers Assn. said today the control of business by government presents a greater threat to America than communism.

"American business is coming to be bound more and more by federal law and regulation," said J. Regis Walther. "All national political groups have contributed to this growth."

In an address prepared for delivery upon his installation as president of the bankers association, Walther declared:

"Today foreign born or un-American 'isms', dangerous as they are, do not present so much of a challenge to the American way of life as the continuing threat to individual liberties through the concentration of power in our national and state capitals and increasing control of business, both by statute and by bureaucratic regulation."

Emmitsburg

EMMITSBURG — The Misses Maureen O'Toole and Delores Sicilia, Thurmont, will receive degrees at St. Joseph College next Monday. Miss O'Toole, daughter of Mr. and Mrs. Claude A. O'Toole, will receive a Bachelor of Science degree in Home Economics. She will be employed as a dietitian in St. Joseph's Hospital, Lancaster.

Miss Sicilia, daughter of Mr. and Mrs. Peter Sicilia, will receive a Bachelor of Arts degree in Biology. She is engaged to Thomas Fitzgerald, a former resident of Emmitsburg. Both girls are graduates of St. Joseph's High School, class of '54.

A house warming was held at the home of Mr. and Mrs. Joseph Boyle and family Sunday afternoon. Those present were: Mrs. Mrs. George Brown and family, Mr. and Mrs. Paul Sherwin and family, Jack Humerick and family and Mrs. Bessie Humerick, all of Emmitsburg. Mr. and Mrs. Boyle received many gifts.

Alfred Myers, Westminster, visited in Emmitsburg Monday evening. Donald McClellan, Frederick, and James McClellan, Braddock, visited Monday evening with Mrs. Elmer Lingg and family.

A party was held at the home of Mrs. Joan Keepers, Saturday evening at 8 o'clock. Those present were: Mrs. Karl Orndorf, Mrs. Joan Keepers, Mrs. Norma Nusbaum, Mrs. Stephen Orndorf of Bonneville; Mrs. Sterling Orndorf, Mrs. Dorothy Joy, Mrs. John Wetzel, Mrs. Albert Wivell, Mrs. B. L. Neiderer of Hanover; Miss Emily Kerrick, Mrs. John Mick, Mrs. Helen Sanders, Mrs. W. H. Wivell and Mrs. Darr Newcomer.

Mrs. Charles B. Shorb was hostess at a party held at her home Monday evening. Those present were: Mrs. William Shorb, Mrs. Robert Topper, Mrs. Donald Stoner, Miss Beatrice Umbel, Mrs. Ralph Long and Mrs. Mary Bowens of Hanover. Games were played and refreshments served. Prizes were awarded to Mrs. Robert Topper, Mrs. Donald Stoner, Mrs. Ralph Long and Mrs. Charles B. Shorb.

NEW SYMPHONY

(Continued From Page 1) played with conviction and authority under the excellent direction of Dr. Hart.

"It is no easy task to found an orchestra—first; it is not easy to make a good sounding orchestra from musicians who often travel long distances to attend a weekly rehearsal, yet Dr. Hart has done it and has stimulated his musicians to giving their utmost for him," said a local concert enthusiast.

"Gettysburg is extremely fortunate to have this fine orchestra. We look forward with anticipation to further performances by this superior cultural addition to our community," he added.

Gettysburgians In Group

In his address of welcome Burgess Plank said:

Dr. Hart is listed in: "Symphony Conductors of the U.S.A." "Who's Who in American Education," "The Directory of American Scholars," and the latest supplement to "Who's Who in America." His voice probably is already familiar to you through his regular Friday evening broadcasts over WGET on the program "Concert Hall."

Gettysburg members of the orchestra include: Jocelyn Weinberg and Mrs. C. H. Heldt, violin; William Neal, cello; John McGarvey, bass; Louise Collins, oboe; E. Douglas Danfelt, David Nowicki and Jack Oyler, clarinet; Edward Nowicki, trumpet; Sam Armstrong and Thomas Trout, tuba, and Max Kipfer.

Paul Chalfant, publisher of the Waynesboro Record Herald, president of the Tri-County Press Club and well known in Gettysburg, is the assistant concertmaster. He has played the violin with the Baltimore and Minneapolis Symphony Orchestra.

There is no point in minimizing the unemployment problem in this country. At the same time, there is an obvious danger that we may be led into wildly exaggerating it.

As of late date, the Wall Street Journal points out, the unemployed amounted to about seven per cent of the total work force. By way of comparison, the figure at the worst of the great depression of the 30's was 30 per cent. The lowest figure — three to four per cent — was reached during the post-war boom.

"Therefore," the Journal says, "when we attempt to appraise the present state of the economy in terms of unemployment we should remember that seven per cent out of work, while personally distressing, is mathematically excessive only when compared with the best years any economy ever had."

We all hope that the seven per cent of the work force who are now unemployed will find jobs soon. Meanwhile, it will do no one any good to act as if the bottom has completely fallen out of the economic structure. It hasn't. Despite the recession, the vast majority of the American people are far better off, materially speaking, than their equivalents in any other country on this earth.

Littlestown Plans Memorial Service

Littlestown will observe Memorial Day with a parade and service on Thursday evening. The parade will form on Maple Ave. at the high school building and will move at 6:30 p.m. west on E. Myrtle St. to N. Queen, through the square to S. Queen and west on Cemetery St. to Mt. Carmel Cemetery, where the services will be held.

The Memorial Day address will be given by the Rev. Fr. Salvadore Zangari, Lebanon, a former Army chaplain. The Rev. Fr. William A. Boyce, pastor of St. Alphonsus Catholic Church, will give the invocation, and the benediction will be offered by the Rev. Glenn Flinchbaugh, pastor of Redeemer's United Church of Christ.

The parade line-up will include the borough officials; the commanders of the veterans units and presidents of the ladies' auxiliaries; members of the Littlestown Minsterium; the Mt. Wolf VFW Drum and Bugle Corps; the massed colors of the VFW and the Legion Posts; the American Legion Ceremonial Detail of Littlestown; the Littlestown High School Gold Band; the school children and the majorettes; Girl Scouts; Boy Scouts and Cubs; the Taneytown Drum and Bugle Corps; Alpha Fire Company Uniform Rank; the Littlestown High School Blue Band and majorettes.

The parade will pause enroute to the cemetery, at the Veterans Memorial on S. Queen St. for the placing of wreaths by the unit commanders and the auxiliary presidents.

Today's Talk

FULFILLMENT

We all like to feel that we are contributing daily to some sort of a fulfillment, setting up ourselves as examples and giving of ourselves, else there could be no fulfillment of any sort. We can only aim for perfection. None but God has ever attained it, but He is the Creator, and He has set up examples of perfection all over this earth, and has invited us to try and attain perfection, even in the little things, like kindness, courage, Fellowship with others is one of the major fulfillments of this life. Do not neglect it. Be a four-square human being. Dismiss all fears. Walk with God. Talk to Him. Thank Him for His endless blessings. What a beautiful fulfillment is that which we witness, and experience, in the matchless days of early spring and summer, when the birds return to their northern places, with all their familiar songs and friendliness! I am always so thankful for the return of each springtime. It is such a revelation, and the clearest answer to those who insist that there is no God or Creator over all. I know there is, for I see the evidence of Him outside my home, and wherever I walk in Nature's garden. The fragrance. The beauty. The mystery. The wonder of it all! Why should we ever be unkind to anyone? There are so many beautiful things in life, and we help to bring about a universal fulfillment by distributing our enthusiasms and interests far and wide. We should get better acquainted with all that Nature is forever multiplying, and beautifying. How she fills the air with clean perfume! Aim for high things. Look about you, and note how God is evident everywhere you go.

Tomorrow Mr. Adams will talk on the subject: "The Parade of Years."

Just Folks

MOTHER-IN-LAW

Isn't it time that they said something sweet of her, Mother-in-law, so gentle and true?

Leveled the paths for the untiring feet of her,

Gave her the praises that long have been due?

Whom do they turn to, say twice a week, maybe,

Or oftener should the occasion arise,

To sit up at night and take care of the baby

While they are away playing cards for a prize?

Isn't it time that they spoke the great truth of her,

Told how they lean on her day after day?

Sang of the strength and the marvelous youth of her,

Though at her temples her locks have turned gray?

Praised her devotion to them, and her serving

Patiently, blindly, their interests here,

Doing so much for their good without swerving?

How came the notion that she is austere?

Isn't it time that they sang of the heart of her,

Brim full of love and of tenderness, too?

When will folks cease saying things that are smart of her?

When will they give her the praises long due?

Whom do they turn to when sickness comes down on them?

Who is the nurse who will toll without pay?

Who, when they need her, is never known to frown on them?

Who minds the children when they are away?

Committee Increases Funds For Speedup In U.S. Missile And Antisubmarine Programs

WASHINGTON (AP) — The House Appropriations Committee today ordered a speedup in missile and antisubmarine warfare programs. It did so in recommending \$38,310,561,000 in new cash for defense in the coming fiscal year.

Approving \$13,614,000 more than the Defense Department had asked, the committee vetoed administration plans to reduce the strength of the National Guard, the Army Reserves and the Marine Corps. It also provided funds for nine new missile-launching nuclear submarines instead of the five proposed by President Eisenhower.

The following deeds were filed in the office of register and recorder today:

Paul E. and M. Francis Jacobs, East Berlin, sold to Grace J. and Elmer G. Paxton, York County, a property in East Berlin for \$3,200.

Paul E. and M. Frances Jacobs, East Berlin, sold to Howard and Madolyn M. Anderson, York County, a property in East Berlin for \$2,100.

Charles E. and Charles O. Culison, Franklin Twp., sold to Lloyd W. and Mary L. Garretson, Ardenville, 27 acres in Franklin Twp. for \$10,000.

Charles R. and Bruce Wagner Jr., sold to Roy H. and Dorothy W. Kling, Hanover, 46 acres in Cumberland and Adams Counties for \$2,160.

Charles R. and Bruce Wagner Jr. sold to Charles R. and Kathleen Wagner, Dillsburg, R. 1, 46 acres in Adams and York Counties for \$5,000.

Charles R. and Bruce Wagner Jr. sold to Bruce R. Jr., and Margaret Wagner, York Springs R. D. 12 acres in Adams County for \$395.40.

Bernard V. and Regine K. Staub, McSherrystown, sold to Marilyn H. and Mary C. O. Weaver, Hanover, property in McSherrystown for \$12,500.

The committee voted to authorize the Army to use 425 million dollars of its stock fund money for regular activities, and the Navy to use 16 millions from a similar fund. Stock funds are revolving accounts built up from sales of uniforms and miscellaneous supplies and equipment.

The new cash, if finally approved by Congress, will give the Defense Department \$47,805,000 to obligate during the coming year, counting an estimated carryover of about 7½ billion dollars from current year appropriations. The department plans to spend about 40½ billions during the 12 months.

In a report written by Rep. George Mahon (D-Tex.), the committee said its action would maintain Marine Corps strength at 200,000 men at the year's end, National Guard strength at 400,000 and reserve strength at 300,000. This is 25,000 more Marines, 40,000 more Guardsmen, and 30,000 more reservists than Eisenhower had proposed.

"Getting Stronger" "We are still strong and are getting stronger," the committee said, "especially in the area of our massive retaliation capacity. The Soviet successes in rocketry have demonstrated that there is a definite relationship between preparation for a possible hot war and progress in the current cold war."

"Not only are the Soviets making rapid technological progress," the committee said, "but testimony of intelligence officials shows that they are also continuing to improve the equipment of existing present day military forces capable of threatening our sea lanes and control over the seas generally."

At the end of the fiscal year, the committee said, military manpower will total 2,550,000—consisting of 870,000 Army, 630,000 Navy, 200,000 Marines, and 850,000 Air Force.

Supervising Principal Donald B. Hudson was chairman for the program.

The program included a procession march by the high school band, invocation by the Rev. Dr. O. D. Coble, pastor of the Bendersville Lutheran Church; a talk, "How America Became a Democracy" by the high school choir; "Living Ideas," Carolyn Inez Baker; "America's Accomplishments in Everyday Living," Judith Shively Byers; Future Farmers of America award, Owen Christopher Cooley; science award, John Jacob Slonaker; "Babe" Ruth award, Vivian Elaine Geiselman and Richard Leroy Byers.

CERV'S HOMER HELPS CHASE BOB TURLEY

By THE ASSOCIATED PRESS

Bob Cerv, who became a hefty hitter by shedding some weight, seems to have made Bob Turley his favorite target as the Kansas City Athletics make their bid to tip the scale against the New York Yankees this season.

The slugging outfielder, down to a trim 204 or so after sweating off about 10 pounds, crashed his second home run off the no-windup right-hander and drove in four runs as the band of ex-Yankees cracked the varsity 7-3.

Turley, whose season-opening string of shutout innings was junked at 19 by Cerv's home run as the A's lost 8-1 in New York May 2, had given up only six earned runs while completing each of his starts. He had a 7-0 record going into Tuesday night's game at Kansas City.

Lasted Five Innings

This time, he lasted only five innings, giving up six runs—three on Cerv's first-inning homer.

The victory hoisted the A's past Boston into second place behind the American League-leading Yankees. The Red Sox lost 3-2 at Detroit. Cleveland defeated Baltimore 7-6 in 10 innings and the Chicago White Sox beat Washington 7-3.

In the National League, Philadelphia beat the San Francisco Giants 5-1 while second-place Milwaukee beat St. Louis 3-2 on Joe Adcock's pinch homer in the ninth. Cincinnati defeated the Chicago Cubs 4-3 in 10 innings and Pittsburgh beat Los Angeles 5-3.

Sixth Straight For Orioles

A pair of unearned runs, on Frank Malzone's error, gave the Tigers the edge in the sixth. But Vito Valentini, recalled from the minors Saturday, had to strike out pinch hitter Gene Stephens after Bill Renna's RBI double in the ninth to save Paul Foytack's fourth victory. Ted Williams homered in the fourth. Tom Brewer was the loser.

A bases-loaded walk by relief pitcher Bill O'Dell handed the Orioles their sixth straight defeat after J. W. Porier's first homer of the year had given the Indians a 6-6 tie in the ninth. Hoyt Wilhelm won his first in relief.

Early Wynn (5-2) won his fourth in a row for the White Sox, but gave 10 hits and needed relief in the ninth. Four runs in the fourth, two scoring on an error and the other pair on Wynn's singles bagged it against loser Hal Griggs.

Rotary vs. Lions, 6:15.

Thursday's Game

Moose vs. Bream's.

A triple by Danny King, singles by Jim Newman and Don Baker, a double by Doug Appler and two more singles by Gene Schultz and Barry Sease produced three runs in the last inning, enough to give the Lions a thrilling 7-6 win over the Glenn L. Bream "Yankees" Tuesday evening on the Little League diamond.

The Lions took a 2-0 lead in the third on three infield errors and a double by Jim Newman. This was the beginning of a see-saw battle.

The Breammen came right back with four in the top of the fourth on singles by Tom McDermitt, Mike Herring, Bobby Stokes and Ronnie Redding and walks to Roy Fairman, Charlie Siekler, Jim Redding and Rick Jones.

The Lions tallied another run in the fourth when Schultz singled.

Manager Paul Richards of the Baltimore Orioles, one of the teams in the bidding, had estimated that the price might go as high as \$100,000.

World News In Brief

BERLIN (AP) — Communist East Germany today scrapped food rationing cards introduced by Hitler in 1939 and boosted the wages of over three million workers to help them pay higher food prices. West Germany scrapped the ration cards 10 years ago.

ROME (AP) — Final election returns made plain today the pro-Western Christian Democrats will continue to govern Italy, either in coalition with the minor center parties or with their support.

The balloting Sunday and Monday for a new Parliament left the political picture about the same.

When the new Parliament meets June 12, the Christian Democrats will be asked again to form a government. They have ruled since World War II.

They took 273 seats in the dominant 596 - member Chamber of Deputies but can count on support of other center parties' 46 seats.

MOSCOW (AP) — An overflow crowd cheered the Philadelphia orchestra Tuesday night at its Moscow debut. The orchestra is touring western Russia as part of the new U.S.-Soviet cultural exchange program. All five concerts in Moscow are sold out.

JAKARTA, Indonesia (AP) — The Indonesian air force today gave newsmen a preview of the first MIG and Illyushin planes delivered to the Sukarno government by Iron Curtain countries.

Reporters watched two MIG jet trainers from Czechoslovakia take off.

An air force spokesman said the Illyushins cost \$250,000 each, payable over 10 years compared with the 3-year period demanded by Western nations.

Meanwhile, an American civil air pilot captured when he bailed out of a rebel bomber was reported undergoing medical treatment in Jakarta.

The pilot, identified as Allen Lawrence Pope, 30, of Miami, fractured a thigh when he bailed out near Ambon Island and landed in a cocoanut tree.

COLOMBO, Ceylon (AP) — Gov. Gen. Sir Oliver Goonatilleke today claimed order is being restored throughout most of Ceylon after a week of Sinhalese riots against the Tamil minority.

Goonatilleke declared a state of emergency Tuesday to help the government suppress the riots.

Unsigned Diplomas Given, Taken Back

PARIS, Ky. (AP) — North Middletown High School handed out diplomas to 22 seniors, then took them back.

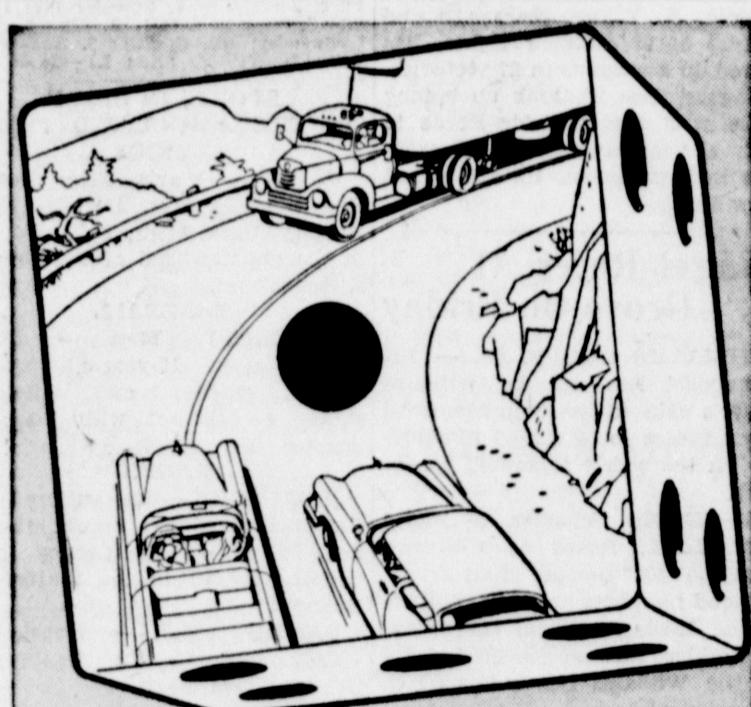

The next day the class returned for final examinations.

It wasn't an oversight.

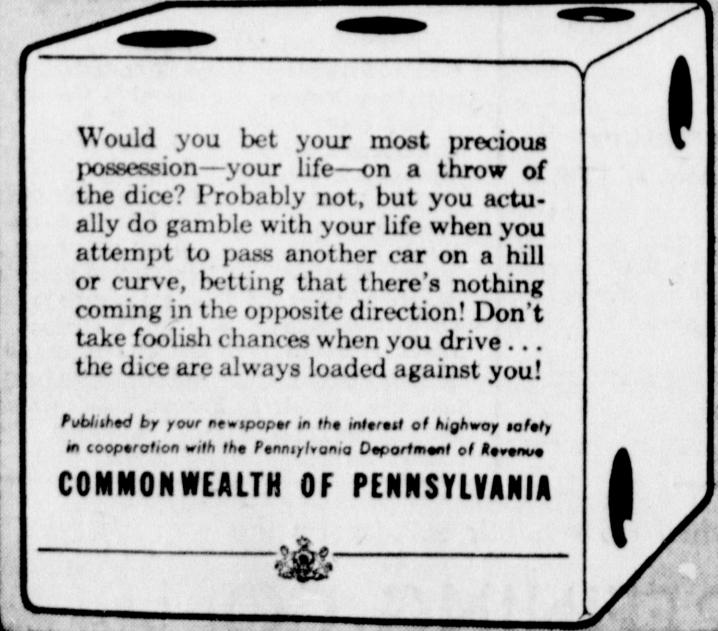

Bad weather and a flu epidemic forced North Middletown to extend the school term, but it couldn't work out a satisfactory date for commencement exercises after final examinations.

Officials decided to give out the diplomas — unsigned.

Seniors who pass will get theirs back — signed — in an informal ceremony Friday.

WHY BET YOUR LIFE?

Would you bet your most precious possession — your life — on a throw of the dice? 4 Dionne Sisters Are 24 Years Of Age

MONTREAL (AP) — The four surviving Dionne quintuplets are 24 today but any plans for birth-

day celebrations are their secret.

The girls — Annette, Cecile, Yvonne and Marie — all live in the Montreal area. But efforts to reach them or persons close to them for information about their birthday plans have met with no

success.

This is the girls' fourth birthday day without Emilie, frailest of the five, who died Aug. 6, 1964, during an epileptic seizure.

AMERICANS ARE MORE AWARE OF SUNSHINE HARM

By VIVIAN BROWN
AP Newsfeatures Beauty Editor

Americans are becoming more aware of the importance of shielding themselves from overdoses of sunshine, especially during the hot part of the day when rays are most harmful.

If we are aware of how much damage may be done to the skin as a result of overdoses of sunshine, then we must stop to think of the effect of sunshine on our eyes.

Anyone who goes outdoors on a sunny summer day should wear glasses to protect his eyes. Scientific studies reveal there may be a 50 to 90 per cent loss in the eyes' sensitivity to light by exposing the eyes to bright sun. This loss of sensitivity to light may make night driving a danger and cause headaches when close work is attempted. Artists, writers, crocheters and knitters may all feel especially the effects of sun saturation.

"Smart Clipovers"

Even those who wear prescription glasses should wear clipovers, sunglasses that clamp on regular eyewear. These are available now in smart looking nylon frames, as fashionable as those pink, white, black and blue hues available in the standard shapes and harlequin styles. Ground and polished lenses in sunglasses are inexpensive these days, even with the newer nylon frames.

Girls with short hairdos should wear hats with brims if they sit in the noonday sun on the beach to keep the scalp from becoming sore, the hair burned, the disposition sour from the sun's beating. A brimmed hat will offer further protection to the eyes if eyeglasses are worn, but usually doesn't offer enough protection for comfort if sunglasses aren't worn.

Sunglasses are being made more interesting for children also with spring flower motifs trimming

U. S. HONORS DR. PATRICK

Dr. Austin L. Patrick, who made a soil survey of Adams County back in 1925, Tuesday was presented with the Superior Service Award from the U. S. Department of Agriculture. The award is the second highest given by the department.

A graduate of Pennsylvania State University, Dr. Patrick was professor of soil technology at the university for 14 years and became associated with the U. S. Soil Conservation Service in 1934, becoming regional director for the 12 north-

ernment at Fort Carson, Colo. He entered the Army in 1948 upon graduation from Gettysburg High School. His wife and children recently joined him in Germany.

If your man adores wide open spaces, don't try to wean him away. It won't work anyway. It's better that you learn to like his green pastures, says singer and movie actor Guy Mitchell, an outdoor man, and proud owner of a 17,000-acre ranch outside Tucson, Ariz.

"An easy way to lose a man," he says, "is to insist he give up a life he loves. Even if you are shy about sports, riding a horse, for instance, try to learn anyway. Admit you are a beginner, let your boy take the lead rope, and he'll feel like a knight."

"It's a good idea, though, not to take lessons from a boy you like. You'll think every valid criticism is a personal affront," says Mitchell, who found out by trying to teach his own wife.

Ride Friend's Horse

On the other hand, don't try to impress your friend, if you are a neophyte, by asking for a spirited

western states. He is now field representative in the Cornbelt states for the Soil Conservation Service administrator, with headquarters in Washington, D. C.

In addition to making a soil survey of the county, Dr. Patrick was a frequent visitor here over many years. Ivan McKeever, in charge of Soil Conservation Service operations in Pennsylvania, noted, "Doctor Patrick is one of the few remaining active members of a vanishing breed of early soil surveyors. He helped develop soil techniques and lay the foundation for much of our present technical knowledge about the kinds and types of soil we have in this country." Among other pioneering efforts Dr. Patrick established the first erosion-control demonstration projects in the northeastern U. S. and established the erosion experiment plots at Penn State.

He resides in Virginia now.

horse at the riding stables. He'll know the difference, and you'll just be miserable riding over your head.

"The first-time rider would do well not to ride a horse from public stables," he says. "It's better to ride a horse that a friend owns, or one at a dude ranch. Don't hesitate to be ladylike, asking for the mounting block, etc."

Every guy pictures himself as adventurous, says Mitchell, and women should go along with ideas to help prove he is a hero.

"So you don't like mouse hunting, and he does," says Mitchell, "stay in camp and read a book, while your man is out bagging a record moose. He'll have to talk it over with someone when he gets back to camp, and he'd rather it was you."

Look Pretty

Your job is to look pretty, he says. No man objects to a girl dressing like a big game hunter, even if she can't hit the side of a barn.

"If she's a good sport, you can like her, and you can't always say that about the girl you love, if she is difficult. My wife always looks charming on the ranch, in her frontier pants and chile shirts. She goes along with my plans, no matter what."

Mitchell was pretty low financially when he proposed, and explained that he might be forced

to go back to cowboy work. But she took that with easy grace, and they were married, anyway.

His fortunes looked up, he bought the ranch from his friend, Audie Murphy, and now plans to make it another boys town.

When she was 67, Capt. Converse again turned to navigation and won her master's papers. Her license was renewed for five years after examination in 1955.

She spends much of her time now with a son Ellisha in Camarillo, Calif. Two other sons live in Massachusetts, Parker in Marion, and Robert W. in Boston. A daughter, Mrs. John Butler lives in Winnetka, Ill. Capt. Converse's 47th great-grandchild arrived recently.

4-CENT RATE ON LETTERS TO BEGIN AUG. 1ST

WASHINGTON (AP) — It'll cost you 4 cents to mail a letter, starting Aug. 1.

Although voicing some objections, President Eisenhower Tuesday signed a bill providing boosts in rates in letters, air mail, post cards, newspapers, magazines and advertising matter.

The legislation also carries pay increases for some 520,000 postal workers and foreshadows probable pay hikes for another million workers in the government's civil service.

Effective Aug. 1, the price of a letter stamp will rise 1 cent from the 3 cents in effect since 1932. On that same date, air mail will go up from 6 cents to 7 and post cards from 2 to 3 cents.

Higher rates for newspapers, magazines and advertising matter will become effective next Jan. 1.

Rates on the advertising portion of newspapers and magazines will rise 60 per cent in three annual jumps. On the editorial portion of these publications, the rate will go up 30 per cent, also in three annual stages.

For advertising matter, the rate

Evangelist, 85, To Join Graham

SAN FRANCISCO (AP) — Mordecai Ham, the evangelist who led Billy Graham to "decide for Christ" at a tent meeting 24 years ago, will share the spotlight with him tonight.

The 85-year-old Ham will fly from Louisville, Ky., his home, to speak at the Cow Palace on the 28th day of the Bay area crusade.

Graham was 15 when he heard Ham at Montreal, N.C.

Graham addressed a crowd of 15,500 in the 16,500-seat arena

Tuesday night, asking them to

"avoid deceiving pretenses."

Tuesday noon he spoke in front of the Oakland, Calif., City Hall.

Police estimated 12,000 heard him.

TO EXTEND LEVIES

WASHINGTON (AP) — Another year's extension of corporation income and excise tax rates at present levels was due to be approved today by the House Ways and Means Committee.

The bipartisan decision to continue such tax rates unchanged until June 30, 1959, all but ruled out any substantial personal income or other tax cuts this year.

Navy's Second Satellite Falls Into Ocean After 2,000 Miles

By BEN FUNK
CAPE CANAVERAL, Fla. (AP)

—The second of the Navy's baseball-sized satellites wound up today like the first—at the bottom of the Atlantic Ocean.

Fired aloft shortly before midnight by the Vanguard rocket, the 20-inch ball flew 2,000 miles out into space, then plunged back to earth.

Five hours of baffling silence followed the launching before Dr. John P. Hagen, director of Project Vanguard, announced that the 21½-pound sphere did not go into orbit.

The engines of the three-stage Vanguard all fired as expected, Hagen said.

Soars In Wide Arc

But the satellite was not boosted into a horizontal direction necessary to place it in orbit. Instead, it flew out in a wide arc, then fell back into the earth's atmosphere.

It was the fourth failure in five tries since the Vanguard rocket first was fired as a complete three-stage vehicle.

The first Vanguard exploded four feet off its launching pad.

The second blew apart 20,000 feet off the ground. The third launched Vanguard I, the 3½-pound satellite now in orbit. The fourth fell into the sea.

By contrast, the Army has a record of two successes in three tries with its Jupiter-C satellite launching rocket which hurled the two Explorers into orbit.

Tuesday night's Vanguard

WASHINGTON (AP) — Alaska's hope for statehood this year hinged today on two major house tests, either of which could kill its chances.

The first test was scheduled on a preferential motion by Rep. Walter Rogers (D-Tex) to send a statehood bill back to the House Insular Affairs Committee, where it began.

If unsuccessful in this, opponents then could demand a roll call vote on the action by which the House voted tentatively Tuesday, 144-107, to kill the bill—Tuesday, 144-106, to kill the bill—technically, to strike its enacting clause.

Either motion, if adopted, has the effect of sidetracking any further consideration of the bill at this session. Should statehood advocates survive these votes, the House then would resume consideration of amendments to the bill.

HOUSTON, Tex. (AP) — The late James M. West, multimillionaire rancher-citizen who liked to give away silver dollars, left an estimated \$290,000 in cash in a hidden cellar of his mansion here.

Atty. Robert H. Parsley said the existence of the hidden treasure, in silver dollars and smaller coins, had been kept secret for fear of prowlers in the West home.

Cooked Salad Dressing

Strawberry Shortcake Beverage

COOKED SALAD DRESSING

Ingredients: 3 tablespoons flour, $\frac{1}{4}$ teaspoon salt, $\frac{1}{2}$ teaspoons sugar, $\frac{1}{2}$ teaspoons dry mustard, cayenne, 3 egg yolks, 1 cup plus 2 tablespoons milk, $\frac{1}{4}$ cup cider vinegar, 1 tablespoon butter or margarine.

Method: Stir flour, salt, sugar, mustard and a few grains of cayenne together thoroughly in the top of a double boiler. Beat egg yolks slightly; add milk and beat enough to combine. Gradually stir into flour mixture, smoothing out after each addition. Slowly stir in vinegar. Cook and stir constantly over very hot (just below boiling point) water until thickened and smooth — 10 to 20 minutes. Remove from heat and stir in butter. Cover and place over cold water until cool. Store in tightly covered container in refrigerator. Makes about $1\frac{1}{2}$ cups.

COMPANY DINNER

Here's a dessert-salad that is pleasant to serve when you plan to end your menu with cheese and crisp crackers.

Stuffed Baked Chicken Quarters

Mashed Potatoes Green Peas

Hot Biscuits

Molded Cherry Dessert Salad

Assorted Cheese and Crackers Beverage

MOLDED CHERRY DESSERT SALAD

Ingredients: 1 can (1 pound) dried sweet pitted cherries, 1 cup diced celery, 2 large oranges, 1 large lemon, boiling water, 1 package (3 ounces) cherry-flavored gelatin, salad greens, mayonnaise and pecans (optional).

Method: Drain cherries thoroughly. Cut a small slit in each cherry and stuff with a couple of small pieces of the diced celery; cover and refrigerate. Squeeze juice from oranges and lemon and add to cherry syrup; add enough boiling water to make cups. Heat until very hot. Pour at once over cherry-flavored gelatin and stir until dissolved. Chill until slightly thick-

ened, stirring several times. Carefully fold in the stuffed cherries and turn into one large or small individual molds. Chill until set. Unmold and garnish with salad greens — water cress is especially good to use. Add an extra garnish of mayonnaise and pecans if desired, or pass mayonnaise separately. Makes 6 servings.

GLAZED DILL PICKLES

Ingredients: 1 tablespoon butter or margarine, 2 tablespoons light brown sugar, 4 large dill pickles.

Method: Melt butter in a small skillet; stir in the brown sugar. Slice dill pickles in half lengthwise. Spread cut surfaces of pickles with sugar mixture. Place on foil; broil 3 or 4 inches from source of heat for 3 to 4 minutes. Makes 8 servings.

Started In 1906

Farmer John W. Huddleston started it all in 1906. He noticed a shiny stone on his farm, picked it up and later learned he had found a diamond in its original form.

Huddleston lost no time in selling his land to a group of Little Rock men for \$36,000.

Commercial firms waded into the virgin 72-acre field with varying degrees of success. Estimates of the number of diamonds produced range from 5,000 to 50,000 — there are no accurate records.

One night in 1919 two diamond plants on adjoining tracts went up in flames under mysterious circumstances. That just about ended diamond mining on a large scale.

Only 246-Carat Yield

The last full year of digging in 1948-49 yielded only 246 carats of industrial diamonds worth a total of \$985.

Tourists, digging against the backdrop of a few decrepit sheds in the area, have had better luck. The last publicized find was by a Dallas housewife who in 1956 chanced on a 15.2-carat rough diamond appraised as high as \$15,000. The governor christened it the Star of Arkansas.

The finder, Mrs. Arthur Lee Parker, paid \$1.50 for the prospecting privilege. Mrs. Parker was way ahead of most tourists at the start — she is an amateur geologist.

Largest, 40 Carats

The largest diamond ever found in the United States is the 40-carat Uncle Sam unearthed in 1924 near Burren.

For the tourist it's finders-keepers, almost. On larger stones the finder pays a royalty of 25 per cent of the value above five carats to the owners of the tract, plus a few per cent additional as state severance tax.

But the tourist heyday may end soon. State geologists say several ventures aimed at mining the field commercially again have nearly materialized. The only drawback seems to be in consolidating ownership of the diamond field.

PANCAKES WITH CRABMEAT A LA KING

Ingredients: $\frac{1}{2}$ cup chopped green pepper, $\frac{1}{2}$ cup chopped celery, 4 tablespoons butter, 3 tablespoons flour, $\frac{1}{4}$ teaspoon salt, 2 cups light cream, 1 can (6 ounces) sliced mushrooms, $\frac{1}{4}$ cup chopped pimiento, 2

And now to dinner. Buckwheat pancakes are made dollar size and offered, topped with a red caviar and sour cream, as a fancy first course. Or small rich thin pancakes, made from ordinary flour, arrive for dessert along with sun-baked strawberry preserves and spoonfuls of heavy cream.

You many prepare the buttermilk pancakes for the luncheon dish from scratch or you may use the buttermilk pancake mix that now comes in a package. Here is how to use the mix with the crabmeat filling.

DIAMOND LURE REARING HEAD IN ARKANSAS

Bible Words for Today

(Continued From Page 1)
World War II veteran's casket followed.

As the last casket was carried inside, policemen atop the cupola above the steps lowered the flag to half staff.

Beneath the dome in the Capitol rotunda, they will lie in state in twin bronze caskets until Friday, when they will be transported to permanent tombs alongside that of the Unknown Soldier of World War I.

Symbolize Unidentified

They reached Washington Tuesday aboard the Blandy, which brought them from a seaborne rendezvous at which the two were selected to symbolize for all time the 8,494 fighting men still unidentified from World War II and the 853 from the Korean War.

They reposed Tuesday night side by side on the afterdeck of the destroyer, while sailor sentries stood an honor watch through the night.

At the Capitol, a full-scale formal reception of the heroes' caskets was arranged before a distinguished company representing this and foreign governments.

Scores of organizations have notified the government of their wish to place wreaths at the caskets in the rotunda. They in-

cluded veterans' organizations, war mothers' groups, veteran auxiliary societies and many others.

Officials of the Military District of Washington, responsible for the detailed planning of the entire Unknowns' funeral and burial program, have been compelled to compile a minute-by-minute timetable for floral presentations.

For today, the timetable showed a wreath-laying ceremony every 15 minutes; for Thursday, one every five minutes over an interval of several hours.

The rotunda will be open to the public during the two days the Unknowns lie in state.

TEACHER WINS AFRICAN TRIP IN NEA EVENT

SEATTLE (AP) — It pays to be a good schoolteacher these days.

Pretty Billie-Marie Gannon, 22-year-old junior high school teacher, can testify to that. Because she's such a good teacher she's going to have an adventure beyond her wild dreams this summer. As winner of a national contest conducted under supervision of the National Education Association, Billie is going on a African safari. Says she: "I'm really orbiting over this — doing loop-the-loops through space!" Who ever said school teaching was dull?"

Seek Menelik Tomb

Miss Gannon's trip will include stops in New York, Brussels, Paris and Rome as well as Kenya, Tanzania, Uganda, Sudan and Egypt. The climax will be a climb to the peak of Mount Kilimanjaro to search for the tomb of King Menelik, son of Solomon and the Queen of Sheba. She will be accompanied by John Goddard, African explorer and a member of the faculty of Brigham Young University, whose wife also will be a

member of the expedition. Currently Goddard is overseeing Billie's preparations for her great adventure. These include swimming lessons at a Seattle club, shots for everything from tetanus to typhus and a daily stint of walking, to get her in condition for the 20 miles a day she will be hiking in Africa. He also is advising her on clothes and equipment which will be needed for the safari as well as the stops in big cities. This must include city clothes and cocktail dresses as well as such things as mountain boots, waterproof pants, bush hat, mountain cat, bush jacket, kahaki slacks and swim suit.

First Plane Flight

Everything will be easily washable. Dresses will be of permanent-finish nylon. And it all has to go in one large bag and one overnight case of lightweight aluminum, total weight not to exceed 60 pounds.

Up to now Billie has lived in Seattle with her parents, and never has traveled more than 200 miles from home. The start of her adventurous trip will be her first airplane flight.

Billie won over 1,500 finalists in a teacher awards program open to all elementary, junior high and high school teachers throughout the country.

Dartmouth's first baseball team in 1866 numbered just nine players.

Littlestown LADIES' NIGHT HELD TUESDAY BY ROTARIANS

The Littlestown Rotary Club observed ladies' night Tuesday with a roast beef dinner in the social hall of Redeemer's Church and a talk by W. Burg Anstine, York attorney. Mr. Anstine spoke on "Happy Home Life" and discussed the problem of unhappy marriages and divorce, their causes and effects, and some suggested solutions. He stated that a large percentage of juvenile delinquents come from broken homes. A country cannot be strong unless there is good home life, he said.

The speaker was introduced by Howard A. Daum of the Program committee which was in charge of the meeting. The singing of "America" and group recitation of "The Lord's Prayer" preceded the dinner. Group singing of "America the Beautiful" and "Stotola Pumba" was led by L. Robert Snyder, accompanied on the piano by Donna Rabenstein.

Soprano solos were sung by Mrs. Violet Weisel, accompanied by Mrs. Karl P. Bankert. Her numbers were "Until," "To the Night," and "Little Yeller-Dog." Clarence J. Krichen Jr. introduced a visiting Rotarian, A. Irvin Hostetter, Hanover. A. W. Schott had as a guest his mother-in-law, Mrs. J. Harry Weaver, aged 91.

President A. G. Ealy announced that next week there will be a plant visitation, with Roy Koonit of the Vocational Service committee in charge. The members will visit the Revonax Spinning Mill, Hanover, following dinner at Schott's at 6:15 o'clock.

Banks Will Close

The Girl Scouts of Troop 56 made Father's Day favors at their meeting on Tuesday after school at the engine house. Mrs. Charles W. Simons, troop leader, distributed registration blanks to the girls to attend the annual Day Camp July 7 through 11 at Camp Happy Val-

ley. The blanks must be filled in and returned at the meeting next Tuesday evening. The session next week will be the last until the weekly meetings in the fall. A picnic will follow the business at the home of the leader, Mrs. Simons, Rita Marie Ave.

The Littlestown State Bank and the Littlestown National Bank will be closed all day on Friday, Memorial Day. The regular banking hours will be observed tomorrow.

A majority of the community stores and places of business will be closed all day on Friday in observance of Memorial Day. Business will be conducted as usual on Thursday and Saturday.

There will be no regular mail deliveries on Friday, Memorial Day; however, perishables and special deliveries will be taken to their destinations. Mails will be received and dispatched as usual.

Presents Recital

Albert Snyder, a student at George Washington University, Washington, D. C., has arrived to spend the summer vacation at the home of his parents, Mr. and Mrs. Paul R. Snyder, Prince St. Pvt. Ferree LeFevre, son of Mr. and Mrs. Benjamin B. LeFevre, E. King St., presented an organ recital at Mann Memorial Methodist Church, Augusta, Ga., Sunday. Pvt. LeFevre is choirmaster and director of music at the church as well as records processor in the adjutant general's section of Fort Gordon, Ga.

Sunday evening dinner guests of Mr. and Mrs. Felix P. Lawrence, Prince St., were his sister, Mrs. Edith Sneeringer, and daughter, Pauline, and Mrs. Sneeringer's son and daughter-in-law, Mr. and Mrs. John L. Sneeringer, and daughter, Jean Marie, all of Irishtown.

GLASS FORMS MERGE

NEW YORK (AP) — The American Window Glass Co. of Pittsburgh and the Blue Ridge Glass Corp. of Kingsport, Tenn., merged Tuesday, forming the American-Saint-Gobain Corp.

Blue Ridge is a wholly owned subsidiary of Saint-Gobain of Paris.

The new corporation plans to build a new plate glass plant, but the site and date for construction to start have not yet been decided upon.

125 MILLIONS REQUIRED FOR DPA INCREASES

By BILL GIBSON

HARRISBURG (AP) — A Public Assistance Department spokesman estimates that it would cost about \$125 million dollars per biennium to raise allowances for persons on relief to the minimum standard of decent and healthful living.

The spokesman said appropriations from the legislature have not kept up with rising costs and many persons on relief are forced to live under substandard conditions.

Of the amount needed to raise the allowances to cover the costs of a minimum standard for health and decency, the spokesman said, some \$20 million dollars could come from federal funds.

290,000 Get Aid

The estimate was made in connection with an annual report from the department Tuesday comparing the allowances paid to

some 290,000 persons in the state and the amount needed to cover the minimum needs.

The report covered persons receiving old age assistance, aid to dependent children, aid to the disabled and general assistance. The amount of pensions to the blind, the other classification covered by the department, is not based on minimum needs and is fixed by law.

Of the 125 million dollars, some \$100 million would be needed to cover items of common need such as food, clothing, fuel, utilities and other incidentals, the spokesman said. The other \$25 million was the additional amount estimated to be needed to cover the cost of standard shelter.

\$14 Per Person Monthly

The amount needed for housing is not as big as the other estimate, the spokesman said, because the maximum allowance is only paid if the person actually has to spend that much to get a decent shelter.

The report showed that it would take about \$14 per person per month to bring the allowances paid up to the cost of the minimum basic needs without allowing anything for shelter. The spokes-

man said that in order to raise the allowance \$1 per person per month, the biennium appropriation would have to be raised seven million dollars.

The report pointed out that income from various sources was subtracted from the maximum allowance before cash grants were made and that the maximum amount was not paid for an item where its cost was shared between families.

Many Substandard

In preparing the report, the department checked more than 20,000 shelters of persons on relief and found that about 45 per cent of them were substandard.

A shelter was classified as standard if it had cooking facilities, a bathroom with running water and an indoor flush toilet and if the condition and location were such as not to endanger the health of safety of the occupants.

Next time you have leftover meat from a veal roast, cut it in slivers or cubes and use it in a salad with cooked or raw peas and carrots and salad greens. Or mix the veal with diced apple and celery and salad dressing.

CARNEGIE TECH STUDENTS ARE FINED FOR RIOT

PITTSBURGH (AP) — Six Carnegie Tech students were minus \$10 apiece today after paying fines for their parts in a wild campus outbreak Tuesday morning.

They were among some 1,000 young men who showed up at a women's dormitory to watch a ceremony in which senior girls were dunked in a pool.

When the girls went back into the dorm, they threw paper bags filled with water on the male students. Others waved lingerie from windows.

Agitated By Girls

"The girls," said Policeman Daniel J. Hughes, "were hanging out windows and agitating the students—and they were really agitated."

Police arrived in patrol cars. They were pelted with eggs and water bags. One was kicked.

County Club Gets National Notice

The Adams County Senior Extension Club's square dancers received recognition in the current issue of "Trail" magazine, a national "country music" publication, published in New York.

In an article entitled "On the Square Dance Trail" by Slim Sterling, it is noted that the Adams County Senior Extension Club "is a worthwhile organization of people whose interest and ability has carried them past the level of 4-H Club workers. There are two or three sets of dancers from this group whose list of appearances and awards is quite impressive. To mention a few, they have appeared at the Pennsylvania Farm Show, exhibited at the Pennsylvania State University.

EASY DOES IT

To keep the front and back of no iron dresses and skirts from clinging together when drying, fold a large bath towel over the clothes hanger before putting the garment on it. This hangs between the folds of the garment and prevents the clinging.

WRINKLE CHASER

If you do not have a chance to press garments in traveling just hang a damp towel in your clothes closet when you unpack your suitcase and watch the wrinkles disappear from your clothes on the hangers.

IKE DECISION TAKEN AS SIGN OF GOOD TIMES

By SAM DAWSON
NEW YORK (AP) — President Eisenhower's decision against any tax cutting now indicates he believes that the recession is about over.

The new fear to be guarded against is a renewal of the inflation that has sheered off so much of the purchasing power of the dollar.

Those who think otherwise may still have their day in Congress and some predict that the excise taxes on autos may be cut to help sales of that beleaguered industry's product and on freight rates and passenger fares to help the faltering railroads.

Hopeful Signs

Warm weather has brought a number of hopeful signs to back up the President's apparent view that the worst of the industrial slump is over. Outdoor jobs have opened up and cut the rise in unemployment. A number of industries have reported the first quickening of new orders after a long decline.

Steel mills are operating at a better rate than at any time since January — although some of the new orders may be to beat the price rise which seems sure to come after wages go up July 1.

The price rises, if they stick, will do their bit toward pushing along the new inflation which many observers fear will follow the slump.

Spending Keeps Mounting
Advocates of individual income and excise tax cutting now have argued it would stimulate consumer buying and put men back to work. Corporate income tax cutting and easier depreciation allowances, proponents say, would help business hold its profit margin without price hiking.

The argument against tax cutting—and the one the President seems to have accepted—is that rapidly increasing government spending means a growing treasury deficit and federal debt. A tax cut now would only make this worse. This would set the stage for future inflation, since the government would be pumping more money into the economy than it was taking out—a move roughly comparable to running the printing presses.

An alternative might be to cut back government spending. But that continues to mount at all levels—state and local as well as federal.

And the end, at least for the taxpayer, is not in sight.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Charles de Gaulle has been so vague, or just confused, about what he'd do as French premier that his bid for power is like asking the French to buy a savior at midnight in a coalbin.

The French crisis—over his efforts to get into a spot to straighten things out—is one that has truly left the experts guessing if not gasping. And no wonder.

News that the Assembly had temporarily brushed De Gaulle aside early today—by voting confidence in Premier Pierre Pflimlin—had hardly cleared the wires in this country when a startling bulletin came rattling through.

This one said that Pflimlin, despite his vicinity in the Assembly, was thinking of quitting anyway, that could open the door wider for De Gaulle to become premier. But although Pflimlin submitted his resignation, it was rejected for the moment, and he agreed to continue in office until a new government is ready to take over.

Uncertain Future
The most notable feature of all the interpretations of the past two weeks — written or verbal — has been the lack of positiveness not only on whether De Gaulle could take or be given power again but what he'd do if he got it.

De Gaulle has wrapped himself in such a fog—first by his silence in recent years, and more lately by his fuzzy statements—that no one not in his inner councils could claim to know what he had in mind.

He's opened up twice in the past week: first at a news conference and then in a written statement issued Tuesday. The words that came forth were so arrogant, pompous and vague that they looked mystical.

Appears Hypnotized
De Gaulle appears hypnotized—and so do his followers, or they pretend to be — by the memory that he was the rallying point for the demoralized French in World War II and could be again now.

In short, he's been asking the French to buy him on face value, without any clearly stated program, policy or proposed solution for the multiple dilemmas of the French republic which has seen its army in effect revolt.

For the French to buy him on those terms is really asking for trouble since they don't, and can't, know whether he has any solutions, whether he could assert himself, or whether he'd be simply a front man and mouthpiece for the army.

And, since not all Frenchmen

Seek To Keep Pike's May 30 Mark Clean

HARRISBURG (AP) — The Pennsylvania Turnpike Commission today suggested that motorists who plan to travel the superhighway during the Memorial Day holiday have a mechanically sound vehicle and use common sense.

Commission Vice Chairman Joseph J. Lawler said, "Memorial Day generally begins a new tourist season and is our first major travel holiday of the year." He pointed out that there were no fatal accidents on the Turnpike during the Memorial Day holidays in 1956 and 1957 and asked motorists to drive safely so the record could be continued.

The Turnpike official said all of the 168 state policemen assigned to patrol the 470-mile toll road would be on duty during the holiday.

PITTSBURGER IS HONORED BY STATE BANKER

ATLANTIC CITY, N.J. (AP) — John L. Propst, vice president of the Mellon National Bank and Trust Co., Pittsburgh, Tuesday was elected chairman of the Pennsylvania Bankers Assn. trust division.

The election was held during the annual business meeting of the division at the 64th annual PBA convention.

Propst succeeds Harold E. Bright, senior vice president and trust officer of the Berks County Trust Co., Reading. Bright remains on the executive committee.

Other Officers
Elected vice chairman was John W. Woerner, vice president of the Girard Trust Corn Exchange Bank, Philadelphia. Robert J. Hunter, vice president and trust officer of the Third National Bank and Trust Co., Scranton, was named treasurer.

Permanent secretary of the division is Belden L. Daniels, Harrisburg.

Named to the division's executive committee were:

William L. Muttart, Philadel-

phia; Frederick W. Stoffer, Pottsville; Donald H. Miller, Bethlehem; Waldo E. Shumway, Wellsville; Frank J. McHugh, Harrisburg; James P. Nunemacher, Johnstown; Merle B. Mitcham, Oil City, and John M. Duff, Pitts-

burgh.

SAYS 1ST RATE DRAMA IS BEST MEDIUM ON TV

By CHARLES MERCER
NEW YORK (AP) — "Television drama isn't dead," says David Susskind. "Just bad television drama is dead."

Susskind, a TV producer of boundless energy, has absolute faith in the magic and power of live, adult drama. He'll be even more active as the head of Talent Associates, Ltd., next season.

On June 1 he'll present the last of this season's 90-minute "Show of the Month" (CBS-TV) series, Carson McCullers' "A Member of the Wedding," a Broadway hit.

Seven Live Dramas

Next season Talent Associates will produce seven live dramas for "Show of the Month." It also will offer at least nine special programs, including "The Swiss Family Robinson" and "Little Women," 26 live "Circle Theater" productions, and it has two live series up for option.

Since Talent Associates took over "Kraft Theater" several weeks ago, that drama series has had new life with such outstanding productions as the two-part "All the King's Men." Yet "Kraft Theater" is leaving television in September. So are "Studio One" and "Climax," "Matinee Theater" died next month.

Cites Three Reasons

Susskind believes there are three reasons for the decline of live drama:

1. The hour shows on the air have slipped badly in quality and excitement. For a long time they've been going down hill in scripts and production and the public is becoming relatively bored with them.

2. "We're in an economic recession. Because a live drama series carries a big price tag, advertisers are looking for cheaper shows."

Good Results Possible

3. "Television has become psychotically conformist. When a trend begins, the boys leave their psychiatrists' couches and rush about, following the trend to western or quiz series or a private eye series or whatever it may be."

Susskind feels, however, that "from the pomposity of his language it is clear De Gaulle has reached the point of considering himself a kind of historic monument: he talks of himself in the third person, as he might about the long-dead Joan of Arc.

WOMAN TO RETAIN \$7,000 IN FURNISHINGS

PHILADELPHIA (AP) — The Collingdale School Board has been blocked for the moment from attaching \$7,000 worth of apartment furnishings belonging to Bonnie Barnes, an attractive divorcee.

The school board claims the furnishings were paid for by its ousted superintendent, Faber E. Stenzle, from \$200,000 in school funds he is charged with embezzling.

The board seized the furnishings from her West Philadelphia apartment last February on a court order. But Common Pleas Court Judge Charles A. Walters Tuesday ordered the school board to establish legally its right to hold Bonnie's possessions.

The ruling comes on a petition by Bonnie's Philadelphia attorney, Lee B. Sacks, to dissolve the writ of attachment. The sheriff's office will keep custody of the furnishings until the matter is settled.

April Employment Figures

April employment figures showed an increase for the ninth straight month in the seasonally adjusted rate of unemployment.

The rate was 7½ per cent of the labor force. May figures will be announced next week.

Figures Are Down

Although citing some grounds for optimism, the board observed that the number of persons vainly seeking work for 15 weeks or longer has more than doubled in the past 12 months. It said the April figure was sharply higher than for any month in the previous postwar recessions.

Nonfarm employment in April totaled less than one inch over the state and temperatures were slightly below normal, the department said Tuesday in its weekly federal-state crop survey.

The report said the cool temperatures slowed growth of vegetation in northern counties but that the planting of corn and the cutting of alfalfa continued in southern counties.

The report said:

"Many farmers are spraying for insects and weeds but little damage is reported to date from plant pests except tent caterpillars which are unusually heavy in many areas."

Erie Cherries

"Fruits are making good progress throughout the state and in the Erie fruit belt the growers report prospects for red cherries are the best in the past several years."

Grapes in that area also are making good growth.

"Transplanting of tomato plants

is in full swing and will continue rapidly.

at peak operations until the end of May. Early potatoes are up and growing nicely while green peas are showing blossoms in southern counties. Planting of sweet corn and snap beans continues as soil conditions permit.

"Early planted field corn is well above the ground and making good growth. Pastures and hays are making lush growth. Oats show good stands except in low sections and barley is maturing rapidly."

NEW YORK (AP)—Elfrida von Nardroff Monday night became the all-time high winner for a single TV quiz show.

The Brooklyn woman set a new mark when she won \$50,000 to boost her bankroll on NBC-TV's Twenty-One to \$216,500.

The highest single show winner had been 11-year-old Robert Strom, who won \$192,000 on the CBS show The \$64,000 Question.

Miss Von Nardroff, 32, won \$50,000 by defeating Frederick Rein of Alexandria, Va., in their fifth game. They competed for \$2,500 a point in the difference between their scores.

The champion defeated Rein by a 21-1 score.

Miss Von Nardroff and Rein, who is on the staff of the U.S. Information Agency, completed their fourth tie game Monday night after starting the program deadlocked at 10-10.

Miss Von Nardroff returns next week to announce whether she will continue on the show with another contestant.

General public will be permitted to view caskets and provide wreaths and floral tributes. Round-the-clock honor guard stands watch until bodies leave for Arlington.

Thursday (May 29)

Viewing and wreath-laying continues.

Friday (May 30)

Morning hours reserved for veterans and other organizations to present tributes at the Capitol.

1 p.m.—Unknowns start journey from Capitol rotunda to amphitheater at Arlington National Cemetery. (Procession to take an estimated hour and 20 minutes.)

1:15 p.m.—Funeral procession starts from Constitution Avenue and 1st Street N. W.

3 to 3:30 p.m.—Funeral service at Arlington amphitheater attended by President Eisenhower.

3:40 p.m.—Final interment ceremonies on amphitheater plaza.

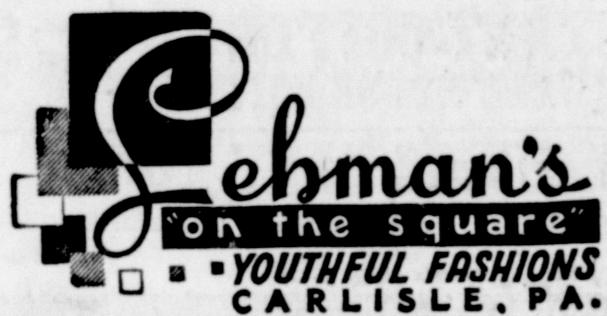

MOSCOW (R) — Announcing the Soviet Union will pull its troops out of Romania and reduce forces in Hungary, the Soviet bloc called on the NATO nations again Tuesday to join in a 25-year non-aggression pact.

At the same time, Premier Khrushchev threatened to set up rocket bases in East Germany, Poland and Czechoslovakia if the United States and its allies arm West Germany with nuclear weapons.

WASHINGTON (AP)—The Senate Foreign Relations Committee Tuesday formally proposed economic aid for the Soviet Union's European satellites. This is the area of maximum vulnerability in the Soviet complex, the committee said.

The issue is expected to bring a major Senate debate. Republican Leader William F. Knowland of California already has served notice he will fight it.

Russian Dancers Enjoy Disneyland

LOS ANGELES (AP)—The Moiseyev dance troupe from Russia visited nearby Disneyland—and went on all the rides twice. But they didn't smile.

"Don't they like Disneyland?" men asked Monday.

"Oh, yes. They are mad about it," an interpreter said.

"They don't act like it. No smiles. No laughter. No happy faces," said the reporters.

"Ah, you don't understand the complexities of the Russian nature. They like it immensely. They have ridden everything twice."

The dancers, here for an engagement, ate ice cream cones, bought souvenir hats and wore informal or sports clothes.

MILLS, 36, said his committee will start consideration today of a bill to continue corporate and excise tax rates at their present levies.

RAYBURN BACKS EISENHOWER ON STAND ON TAXES

WASHINGTON (AP)—Speaker of the House Sam Rayburn (D-Tex) said Tuesday he is "in full accord" with President Eisenhower's recommendation against substantial tax reductions this year.

Rep. Wilder Mills (D-Ark), chairman of the tax-writing House Ways and Means Committee, concurred in Rayburn's statement at a joint news conference.

Mills said his committee will

start consideration today of a bill to continue corporate and excise tax rates at their present

levies.

These rates, under existing law,

would drop automatically July 1.

Eisenhower has asked Congress to

continue them to prevent an es-

timated three-billion-dollar drop in revenues.

Eisenhower Monday said he

opposes any general tax reduction

have said they will seek a reduction in the excise tax on automobiles, whose sales have been lagging.

A bill to extend the present corporation and excise rates is expected to reach the House floor early in June.

Rayburn said both he and Mills

are "in accord with the state-

ment (from the President) that

there will be no further recom-

mendations for tax reductions

this year."

Not Very Potent

"I have never thought that a tax reduction would be very potent in stopping a recession," Rayburn said. He added he could not comment on whether the recession is tapering off.

Republican congressional lead-

ers said the administration's

stand against any antirecession

bill is prompted by the uneasy

international situation and the

threat of inflation. Senate Minor-

of California gave newsmen that

Body Of Cardinal Stritch Lies In State In Rome Today

By FRANK BRUTTO
ROME (AP)—The body of Samuel Cardinal Stritch lay in state today at the Pontifical College where Americans study for the priesthood.

The 70-year-old Archbishop of Chicago died early Tuesday at Rome's Sanatrix Clinic. He had been confined there with circulatory ailments since he arrived in Rome April 25 to assume the high post given him by Pope Pius XII. (Death occurred at 7:35 p.m. [EST] Monday.)

The cardinal's body will remain at the North American Pontifical College until this evening. Then it will be taken to Rome's St. Ignatius Church. A funeral Mass will be celebrated there Thursday and the body will be flown home to Chicago for burial.

Absolution From Cardinals

The funeral mass will be celebrated by Bishop Martin John O'Connor of Scranton, Pa., the rector of the Pontifical College.

All cardinals in Rome will pass before the body and each give his absolution.

The cardinal died before he had a chance to take up his duties as prefect of the Vatican's Congregation for Propagation of the Faith. He was the only native American ever named to the Vatican Curia, the church's highest administrative body.

Stroke Eight Days Ago

The prelate was stricken first with a blood clot in his right arm while en route to Italy to take up his Vatican post. Three days later the arm was amputated to eliminate danger of gangrene.

Eight days ago, while apparently recovering rapidly, he suffered a severe stroke. He had lost ground steadily since then.

His last act before death was to kiss a small crucifix he kept with him throughout the past week of crisis.

At the end the cardinal's bedside was surrounded by close associates and relatives including two nephews, the Rev. Morris Stritch of Memphis, Tenn., and Robert Emmett Stritch of Chicago.

Body To Chicago
Pope Pius was one of the first notified of the cardinal's death. He gave his approval for funeral and burial plans in accordance with canon law. Cardinal Stritch had asked that his body be returned to Chicago.

The cardinal's death brought to 15 the vacancies in the College of Cardinals. The full complement is 70.

In Yugoslavia Alojzije Cardinal Stepinac was reported in critical condition. He is suffering from a blood disease complicated by bronchial pneumonia, a weakened heart and a blood clot in his leg.

TO GIVE \$800,000

PITTSBURGH (AP)—The Westinghouse Educational Foundation will give \$800,000 to universities, colleges and scholars this year.

Dr. John A. Hutcheson, chairman of the foundation's board of trustees, said Tuesday that about \$435,000 will go to universities and colleges. The balance of approximately \$355,000 will be awarded to professorships, fellowships and scholarships.

Those Approved

The state loans tentatively approved include:

McClure—A \$18,000 second mortgage loan, at 2 per cent to McClure Industrial Group, Inc., for construction of an addition and purchase of an existing building

7 COMMUNITIES GET OKAYS FOR FACTORY LOANS

HARRISBURG (AP)—Seven Pennsylvania communities today had tentative approval from the state on their request for loans totaling \$414,925 for use in industrial development projects.

The communities are McClure (Snyder County), Freeland (Luzerne County), Wilkes-Barre, Williamsport, Kane, Greensburg and Nanticoke.

William R. Davlin, secretary of commerce, estimated the projects in the seven communities will create 711 new factory jobs. The projects involve a total expenditure of \$1,184,303 with the state lending up to 30 per cent, through second mortgages, after the communities provide 20 per cent of the cost through non-profit subscriptions. The remaining 50 per cent is obtained through commercial lending channels.

Those Approved

The state loans tentatively approved include:

McClure—A \$18,000 second mortgage loan, at 2 per cent to McClure Industrial Group, Inc., for construction of an addition and purchase of an existing building

at a cost of \$63,000. The building will house expanded operations of Nellis Industries, Inc., engaged in the manufacture of steel cabinets. A first mortgage loan of \$31,150 will be carried by the First National Bank of Middleburg. The new operation will create an estimated 23 new jobs, along with an estimated annual payroll of \$104,000.

Greensburg—A \$113,325 second mortgage loan, at 2 per cent to Greater Greensburg Industrial Development Corp., for the construction of a building at a cost of \$377,750. The building would be occupied by expanded operations of Overmyer Mould Co., of Greensburg. A first mortgage loan of \$175,000 would be carried by the First National Bank of Greensburg. A total of 53 jobs would be created, along with an annual payroll estimated at \$345,000.

Williamsport—A \$88,000 second mortgage loan, at 4½ per cent to Industrial Properties Corp. of Williamsport, for construction of a building at a cost of \$283,613. The space will be occupied by Tetley Tea Co., of New York City. A first mortgage loan of \$141,000 will be carried by a major insurance company. A total of 150 jobs will be created, along with an annual payroll estimated at \$450,000.

Final approval also was given to loans totaling \$210,000 requested by Oil City, Bangor and Couderport. The Pennsylvania Industrial Development Authority did not

Two Super Sabre Jets Collide; 3 Die

CLOVIS, N. M. (AP)—Three pilots died Tuesday in the collision of two Super Sabre Jets over Cannon Air Force Base.

A two-seater F100F and a single seat F100D collided while the F100F was making an emergency landing.

The dead were identified by the Air Force as Capt. William R. Gilmore, 30, Interlaken, N.Y.; Lt. William R. Jarmon, 24, North Arlington, Va.; and Lt. Leslie Ikeda, 28, Honolulu. Gilmore and Jarmon were in the two-seater.

The base said the F100F was at a "pretty low altitude" making an emergency landing approach because of radio failure.

ST. LOUIS (AP)—T. Lamar Caudie and Matthew J. Connolly, former Truman administration officials, have asked for probation or reduction of their prison sentences.

Both were convicted in June 1955 by a U.S. District Court jury for conspiracy in an income tax case. They were sentenced to two years in prison and fined \$2,500 each.

The U.S. Supreme Court last week refused for the second time to act on their appeals.

Constant Vigil Maintained Over First Unknown Soldier

By FRANCES LEWING

WASHINGTON (AP) — Never for a moment in 21 years—despite wars, storms, heat or cold—has America's Unknown Soldier of World War I been left unattended. A 24-hour vigil has been kept at this tomb since 1937 as a sacred trust. Prior to that, from the entombment in 1921, an honor guard had mounted watch only in daytime.

The nation, for which this unidentified man gave his life, picks the best of its Army infantrymen for the signal honor of walking a lonely post in a cemetery with 97,000 dead.

Through the years, the routine has become rigid.

In one hour, the sentry at the tomb of the Unknown Soldier in Arlington National Cemetery can be clocked walking his post just 42 times.

128 Steps Per Minute

The cadence is 128 steps per

minute. The sentry takes 21 steps from one end of the post to the other and pauses at each end. He carries a .30 caliber M-1 rifle with a chrome-plated bayonet. He wears Army dress uniform—blue in winter, tan tropical worn in summer—and white gloves.

None of this routine will be changed when two more unknown servicemen are buried nearby on Friday.

The 3rd Infantry Regiment at nearby Ft. Myer mans this post. Infantrymen from units all over the world are sent here to try out for the honor guard.

None of the candidates can have any physical disability or disciplinary action on his record. A tomb guard must be between 5 feet 11 and 6 feet 2.

At least two months and perhaps five months of special training at Ft. Myer precedes assignment to the sentry post.

DICK MALTBY TO PLAY HERSHHEY

RICHARD MALTBY

HERSHEY, Pa. — Richard Maltby, who brings his orchestra to Hershey Park's Starlight Ballroom on Saturday evening, May 31, as a highlight of the park's Memorial Day weekend program, served his apprenticeship with some of the musical greats of today and yesterday.

After tours of duty as trumpeter and arranger for Roger Pryor, Little Jack Little and Bob Strong, Maltby became associated with Paul Whiteman. Later, upon Whiteman's recommendation, he was hired as musical director of the ABC radio network.

In 1951, following his success with a series of jazz classics, which he recorded for a major recording firm, he switched to RCA Victor, where he arranged music for many of that label's top artists.

Finally, in 1955, with the release of his recording of "St. Louis Blues Mambo," requests began pouring in for personal appearances. Accordingly Dick launched his own orchestra and he has been touring ever since.

Maltby will feature Mary Mazza, a young vocalist, who has appeared on radio and television, as well as doing engagements at New York City's Roseland Ballroom.

The Spring Garden Band of York, will present Memorial Day concerts in the park bandshell, and the Harrisburg Moose Band will be heard on Sunday afternoon and evening. Concerts will be presented from 2 until 4 and 7 until 9 o'clock.

HARRISBURG (AP) — Gov. Leader today named Joseph H. Sabel, Pittsburgh, deputy secretary of labor and industry.

The 45-year-old Sabel will receive \$13,500 a year when he assumes the post June 3.

Sabel is vice president of the Pennsylvania State Branch of Butcher Workmen and is financial secretary and business agent for the Amalgamated Food Employees Union, Local 590 (AFL-CIO).

Sabel's appointment fills a vacancy created by the death of former Deputy Secretary Milton Weisberg in an auto crash early this year.

up each 24-hour daily tomb shift.

During periods that Arlington is open, guards are changed hourly. At night, and when the cemetery is closed, the shifts run two hours.

When the weather is bad or while ceremonies are taking place the guard stands in either of two sentry boxes nearby at parade rest.

Battle Of Sexes Presented With Characteristics Of Both Sides

Susan M. Rogers, author of this lively scorecard on the battle of the sexes, has traveled from coast to coast interviewing men and women in the business world. She has written three books, including "How to Get Along With The Boss" and "The Fine Art of Supervising Women."

By SUSAN M. ROGERS
The Associated Press

This is a man's world, but women won't stay out of it.

Today, more than ever, the Battle of the Sexes rages in the fiercely competitive business and social spheres. Men and women frequently fail to realize their interdependence and the desperate, crying need for greater mutual understanding.

Being of a practical nature, a man finds it difficult to comprehend a woman's emotional, personal approach to all situations. On the other hand, this feminine orientation to the emotional often causes a woman to improperly read personal motives into actions or instructions from male superiors when actually personalities are not involved.

Both sides would do well to remember that male and female minds operate in drastically different ways. Here are the cardinal characteristics of each:

The Female Mind

Women are identificationists. Women are subjective. Women are intuitive. Women are more indulgent to fantasy. Women are emotional.

From early adolescence a woman is inclined toward introversion with the result that she identifies everything with herself. Her mind seizes upon an object and instantly, through an intuitive process, she grasps the argument or experience of another person and identifies it with her own ideas.

Psychiatrists have definitely estab-

lished the validity of woman's intuition. Through the magic of this split-second intellectualization, a woman is able to perceive not only what is not directly stated but that which she would fail to grasp if it were offered in a direct statement.

Have More Emotions

Most certainly women lead fuller emotional lives than men do, for with their identificationist and intuitive propensities they lead not only their own lives but those of their favorite soap opera heroines, TV and movie celebrities and even the shady lady three doors down who they perhaps secretly envy and publicly snub.

From little girlhood to the grave women are constantly cramming experiences, actual or vicarious, into their pin-curl heads for future reference. This mental bank account makes attempting to pull the wool over a woman's eyes a dangerous proposition.

She Just Knows

She may not be acquainted with the mechanical aspects of a deal but "deep, down inside" she'll know if it's on the level. Put to the test she couldn't pinpoint the basis for her reactions. She just "knows."

Surprisingly, nine times out of ten she's right. What's more, she will never forget. A man will often give another person the benefit of the doubt and go back for a second or third "burn" but not a woman.

The Male Mind

Men are practical. Men are proud. Men are sensitive. Men are insecure little boys grown tall.

Men need to be approved, respected, petted and admired.

If a woman is sincerely interested in getting along successfully with a man she should remember one cardinal rule of masculine psychology. A man's ego demands that he be recognized and respected as The BOSS.

Sometimes this is ludicrous, but

the smart woman doesn't laugh out loud. She smothers her snickers, sweetly says—"Yes, of course"—and then proceeds to do it her way, allowing the man to think it was his idea.

Sensitive To Aspersions

A man's pride extends not only to himself and his achievements but to those of others around him—wife, sweetheart, secretary or assistant. He is more sensitive to aspersions cast upon them than those intended for himself.

Although usually concealed as a stalwart exterior, a man's sensitivity is one of his most valuable assets. Nine times out of ten, top executives have a well developed "sixth sense."

A smart woman does not operate on the powder room axiom, "Treat 'em rough and make 'em like it." The notion is fallacious. Men are human beings, insecure little boys grown tall who require an abundance of love and understanding. A well deserved compliment, a soft, sincere glance has its effect and its rewards.

Have Sense, Sportsmanship

Men are successful because they have the ability to departmentalize their lives—business, social and emotional. They can fire another man and still be the best of friends with him. That's a blend of practical sense and good sportsmanship that women don't possess. Fire a woman and she'll probably carry a grudge against you for the rest of her life.

There's no changing the human nature of the sexes. The most desirable goal to be achieved is a compromise whereby each meets the other on his own ground.

The Masked Stranger and YOU

Men should remember that a woman's world revolves around security—mental, emotional, social and financial. All women are not mercenary, but all women are security-minded. There's a difference.

Must Give Love Wholly

If a man wants to sell a woman anything, she should allow her to start her thought processes from her own premise and proceed through her own mental channels. The magic formula is for him to supply the stimulus. Women fall hook, line and sinker for emotional appeals sincerely portrayed.

Perhaps the most effective feminine device for ensnaring a man is to remember that men understand straight thinking and straight talk. A woman's strongest weapon is her softest femininity worn as a velvet cloak over a straight-from-the-shoulder technique. The combination is invincible.

Be it in love or in business, a woman should develop good sportsmanship, be a good loser and learn to ride with the blows. Robert Browning wrote:

"Love to man
Is a thing apart
'Tis woman's whole existence."

If a woman wants love she must give it wholly, completely, unreservedly. She must admire, pamper and respect her man while bowing to the magnitude of his mind, soul and ego.

RED CROSS TO

(Continued From Page 1) nity Chest area next March. Gettysburg and its immediate rural vicinity will be canvassed for the Red Cross as part of the Community Chest appeal in October.

To Seek \$17,243 Mr. Lippy will choose his own committee for the county drive. The chapter's personnel committee is in process of securing a campaign chairman for next year. Mr. Lippy was also made a member of the personnel committee. Next year's Red Cross goal in the county will be \$17,243, Mr. Naugle said.

Routine monthly reports were presented including that for the Home Service Department which showed 187 office and three home visits. They made 16 verifications for emergency leaves for servicemen and handled cases involving four active servicemen, four veterans and a civilian and their families. The home service staff gave financial assistance in two cases and made a \$25 loan. Two trips to veterans' hospitals were made in the month.

About 15 attended the board meeting.
